

Weeks 08–11

Work area Building 10

- Installation of facade
- Roof work
- Demolition of crane week 10 or 11.

Work area Building 9

- Facade work
- Internal work with framework and installations.
- Ground work, preparation for asphaltting.
- Exterior laying of paving stones.

Work area Building 5 and Building 7, new chemical storage, goods reception

- Week 10 connection of sprinklers Building 31 (New Chemical Storage)
- Week 10/11 start of work on Building 5 K1, the new recycling centre.

Work area Building 1 (Existing Ångström)

- Construction of protective wall between Building 1 and Building 10. Closures for work in the old large entrance.

Disturbances

- Ground packing prior to asphaltting and laying paving stones can cause disturbances. Noise.
- Deliveries to the new chemical storage, is coordinated with Goods Reception.
- Noise from demolition work at Building 5 K1, for shorter periods and primarily locally in Building 5 on the floors above K1.

Closures, provisional arrangements

- According to the attached general plan.

Noticeable upcoming work (preliminary start times)

- Work in linking Buildings 1 and 10, major work starting in April.
- Work with commissioning buildings, in consultation with Infrastructure and Operations.
- Change of windows in rooms closest to the link to Building 10, summer 2020.
